## With a Goal to break ground in Fall 2018

The first duplex includes a  
septic plant able to handle 4  
duplexes and multi-purpose  
Chapel building – making it  
the most expensive of the 4!

Cost estimate is \$200,000  
and \$50,000 is on hand.  
We pray for God to provide  
\$150,000 by September,  
2018. Would you help with  
a generous financial gift?

*Thousands have attended  
Camp Assurance since  
1949. Typically 25 -50  
children find Christ as  
Savior annually.*

*Would you help us build for  
the future so we can  
minister to even more?*
